

Deleting Coverage Logging

You may want to Delete the Coverage Logging on your FM-750 to free up space which will help ensure the ongoing reliability of the FM-750 as well as reduce the time required for Downloading Paddock Information.

If you are using the recorded information for mapping etc, make sure that you have downloaded the Paddocks before deleting the coverage.

	<p>Press the Settings Icon</p>
	<p>Press Data</p>
	<p>Press Internal</p>

<p>Internal ?</p> <div style="text-align: center; margin-top: 50px;">  </div> <div style="background-color: black; color: white; padding: 5px; display: flex; justify-content: space-between; align-items: center;"> ← → Settings Data Manage Data </div>	<p>Press Delete Data</p>
<p>Delete Data ?</p> <div style="text-align: center; margin-top: 50px;">   </div> <div style="background-color: black; color: white; padding: 5px; display: flex; justify-content: space-between; align-items: center;"> ← → Settings Data Manage Data Internal </div>	<p>Press Delete Coverage Logging</p>
<p>Delete Coverage Logging ?</p> <p>Select an option to change settings Press the green arrow to delete the selected files</p> <div style="margin-top: 10px;"> <div style="border: 1px solid gray; padding: 5px; margin-bottom: 5px; display: flex; justify-content: space-between;"> Client Default_Client </div> <div style="border: 1px solid gray; padding: 5px; margin-bottom: 5px; display: flex; justify-content: space-between;"> Farm Default_Farm </div> <div style="border: 1px solid gray; padding: 5px; display: flex; justify-content: space-between;"> Field 050112_0001 </div> </div> <div style="background-color: black; color: white; padding: 5px; display: flex; justify-content: space-between; align-items: center;"> ✖ → </div>	<p>The FM-750 will display the last used Paddock.</p> <p>If you simply press OK here this is the only Paddock that will have coverage logging deleted</p> <p>Press the Green Arrow</p>
<p>Client</p> <p>All</p> <div style="margin-top: 10px;"> <div style="background-color: green; color: white; padding: 10px; text-align: center; margin-bottom: 5px;">All</div> <div style="border: 1px solid gray; padding: 5px; text-align: center; margin-bottom: 5px;">Default_Client</div> <div style="border: 1px solid gray; padding: 5px; text-align: center;">P - J Even</div> </div> <div style="background-color: black; color: white; padding: 5px; display: flex; justify-content: flex-end; align-items: center;"> ✖ ✔ </div>	<p>There will be a list of the available Clients, Farms or Fields.</p> <p>The displayed list will depend on the selection of the previous item.</p> <p>EG: Selecting a Client Name will only show the Farms listed for that Client.</p> <p>Select an item or select All to delete coverage for all Paddocks.</p> <p>Press the Green Tick</p>

<p>Delete Coverage Logging </p> <p>Select an option to change settings Press the green arrow to delete the selected files</p>  	<p>If All was selected for Client, there will no longer a selection of Farms or Fields available.</p> <p>Press the Green Arrow</p>
<p>Delete Coverage Logging</p> <p>You are about to delete the selected coverage logging data files. If a field is currently open it will be closed prior to the deletion. Do you want to continue?</p>  	<p>The FM-750 will confirm that you want to Delete Coverage for the Paddocks</p> <p>Press the Green Tick to delete coverage for the paddocks</p>
	<p>A Progress screen will be displayed as the paddock coverage is being deleted.</p>
	<p>The FM-750 will confirm that all of the Selected Paddocks have had their coverage deleted.</p> <p>Press the Green Tick</p>
